

INDUSTRY-LEADING RENTAL FLEET

Enervac™ is the most reliable source for scheduled and emergency oil purification solutions.

We provide mission-critical filtration and purification equipment as a worry free rental solution. Whether planned maintenance or unscheduled outage, our rental fleet delivers rapid deployment, expert support, and guaranteed results.

With our vast selection rental equipment, you get a cost-effective, maintenance-friendly solution to ensure reliability of your transformers and SF6 containing equipment. With Enervac , there's no need for capital investment, storage or maintenance - just clean insulating oil or SF6 gas and peace of mind.

THE BENEFITS OF

Enervac™

INTERNATIONAL ULC
A CLARK-RELIANCE COMPANY

Are you at risk of critical equipment failure due to oil contamination?

FAST RESPONSE, EXPERT SUPPORT

When you're facing unexpected downtime, our team responds immediately with equipment, engineering, and support — anywhere in North America.

Are you facing large capital costs for filtration equipment you'll only use occasionally?

ZERO CAPITAL INVESTMENT

Get the filtration systems you need without the capital spend.

Is your team stretched thin managing existing equipment and preventative maintenance?

NO MAINTENANCE HEADACHES

We maintain every piece of equipment before and after deployment, ensuring peak performance in the field — without added burden on your team.

Has oil contamination ever led to downtime or product quality issues in your facility?

CUT DOWNTIME AND AVOID QUALITY ISSUES

Our rental systems restore oil cleanliness quickly, preventing costly failures, unplanned shutdowns, or quality issues.

Do you need high-performance filtration for a short-term or emergency application?

BEST-IN-CLASS EQUIPMENT, READY TO DEPLOY

From oil purification systems to gas serving equipment, our rental fleet is stocked with turnkey solutions designed for reliability and results.

If you answer yes to 3 or more of the questions above, Enervac Rental Solutions are the right fit for your operation.

Let's Keep Your Oil And Your Plant Running Clean.
